

Vocabulary and Spelling Weekly Assignments

Prep 7 / 8

Monday- Learn new words in class. Begin workbook pages in the unit.
Tuesday- Continue working on unit pages.
Wednesday- Continue working on unit pages. Write a one-page writing piece using 10 of the words properly. The type of writing should match the reading passage at the start of the unit. (For example, if the reading passage is in the form of a letter, your weekly written work must be a letter also.)
Thursday- Review of the words in-class. Complete any necessary assignments. Study for the test.
Friday- All work is due in homeroom on Friday morning. Books and writing piece will be collected. Take Spelling and Vocabulary tests.

Additional information:

- 1) All workbook pages in the unit are due first thing Friday morning unless otherwise specified.
- 2) One workbook page will be graded at random. That grade will count as a quiz grade.
- 3) If any of the unit pages are incomplete, the student receives an automatic zero for the quiz grade for the unit.
- 4) Writing pieces using 10 of the words are due on Friday morning. This will be graded as a project grade. The piece should be one-page in length; neatly done; and in the same format as the reading passage at the start of the unit.
- 5) The Spelling and Vocabulary sections will be counted separately as test grades. Both tests will be given on Fridays.
- 6) Extra credit opportunities: Complete the Writing in Action assignment or submit the online review page from the Sadlier site for ten extra points. This work is due on Fridays.
- 7) We will cover four to five units per trimester so make each one count!
